

# Investing for Success

Under this agreement for 2022

Tewantin State School will receive

**\$215,855\***

## This funding will be used to

Build upon our moderation and grow our academic case management processes to lead curriculum delivery. This will enable support and enhance our expert teaching teams by sharpening our approaches using effective pedagogical practices.

We aim to provide:

- A great transition for all children
- Implementing all 8 learning areas of Australian Curriculum with regular moderation processes and evidence informed pedagogical practices in every classroom
- Lifting A–C results: every student succeeding
- Improve student wellbeing as a priority focusing on the Whole Child. This will include becoming more inclusive, reducing School Disciplinary Absences (SDA's) and days lost to learning.

## Our initiatives include

- Implementing quality professional development for staff to provide clear, consistent understanding and implementation of the Australian Curriculum and the use of Achievement Standards through the use of collaborative year level planning meetings.
- Develop teacher knowledge and understanding of the P-10 Australian Curriculum content descriptions and achievement standards by designing and supporting processes for moderation. 'Before, After, After, End' model each term through year level meetings to ensure consistency.
- Continue whole school intervention strategies that are responsive to student and school data to support students with learning (e.g. Minilit and extension classes).
- Implement a local positive behaviour for learning (The Tewantin Way) a whole school program – 'Wellbeing' school priority.
- Deepen staff knowledge to assist pedagogy using the Gradual Release Model
